Make a Paper Peregrine Falcon

**Materials:** A printed copy of this page, scissors, glue, crayons, and pictures of Peregrine Falcons. Cut out the four body parts of the falcon, leaving a little edge for pasting. Color the parts by looking at a photo of a Peregrine Falcon such as on All About Birds ([https://www.allaboutbirds.org/guide/Peregrine_Falcon](https://www.allaboutbirds.org/guide/Peregrine_Falcon)). Glue the parts together and see why this falcon is so powerful.
